## Pharma Fusion

PharmaFusion is a platform that celebrates the fusion of innovation and pharmaceutical science. Join us on 17th Oct 2019 to explore inventive models, cutting-edge research, and practical applications that are shaping the future of the pharmaceutical industry.

**Highlights:** - Showcase of Innovative Models - Poster Presentations of Research Findings - - Networking with Peers - Recognition for Excellence

**Who Should Attend:**

B Pharmacy Students - Aspiring Pharmaceutical Researchers - Enthusiasts of Pharmaceutical Science

### Registration Details:

- Registration Fee: Free
- Event Details- Date: 17th Oct 2019

*Abasaheb Kakade College Of B.Pharmacy Bodhegaon, Tal –

**Report of Pharma fusion**

Navmaharashtra Shikshan Mandal's Abasaheb Kakade College of B. Pharmacy Bodhegaon, Tal – Shevgaon, Ahmednagar district, arranged an engaging and informative event called the Pharma fusion at Abasaheb Kakade College of B. Pharmacy, Bodhegaon. The event models developed by students, aiming to provide a platform for them to demonstrate their innovative ideas, practical applications, and conceptual understanding of various pharmaceutical concepts through tangible models.

The event was inaugurated with a formal ceremony, during which the college faculty and event organizers extended a warm welcome to all attendees, including students, faculty members. The participants' models were displayed in a designated area, allowing visitors to explore and interact with them.

**Activity Overview:**

AKCOB Pharmacy organized Pharma fusion- a Model Competition, beginning with an inauguration by Dr. Pattan Shashikant, Principal of Abasaheb Kakade College of B. Pharmacy, Bodhegaon. The students showcased their innovative ideas by creating around 20 participant that covered various pharmaceutical applications. These models included representations of the Human kidney, skin model, model of DNA, and poster presentation on the topic of Qualitative analysis of organic compound, poster presentation on green chemistry, types of chemistry and classification of antihypertensive agent.

**Outcomes of the Event:**

**Student Engagement:** The competition successfully engaged students in research, creativity, and practical application of pharmaceutical knowledge. Participating students demonstrated their enthusiasm for learning and their ability to translate theoretical concepts into tangible models.

**Diverse Models:** The event showcased a diverse range of models created by students. These models covered various aspects of pharmaceutical science, including representations of the Human kidney, skin model, model of DNA, and poster presentation on the topic of Qualitative analysis of organic compound, poster presentation on green chemistry, types of chemistry and classification of antihypertensive agent.

This diversity highlighted the students' understanding of multiple facets of pharmaceutical concepts.

Date-18/10/2019

**Innovation:** The competition fostered innovation among the students. By creating and presenting unique models, participants demonstrated their capacity to think creatively and develop novel solutions to represent complex pharmaceutical concepts in a visual and tangible form.

**Learning Experience:** The competition provided a valuable learning experience for both participants and attendees. Students had the opportunity to deepen their understanding of the subjects they represented through their models. Meanwhile, attendees, including fellow students and external guests from the pharmaceutical industry, were able to learn from the models and engage in discussions about pharmaceutical concepts.

**Recognition and Rewards:** The hard work and efforts of the students were recognized and rewarded. Prizes were awarded to the best models, motivating participants to put forth their best efforts and showcasing their dedication to their studies.

**Encouragement of Research and Creativity:** The competition highlighted the importance of research and creativity in the field of pharmaceutical science. It encouraged students to explore beyond their textbooks and contribute to the advancement of knowledge in the discipline.

**Platform for Interaction:** The event provided a platform for interaction between students, faculty members, and external guests from the pharmaceutical industry. This networking opportunity allowed participants to connect with professionals in the field, potentially leading to valuable insights and future collaborations.

**Promotion of Practical Learning:** The models created by the students demonstrated their practical application of theoretical knowledge. This hands-on approach to learning enhanced their understanding and made the learning process more engaging.

**Winner-**Behere Priyanka

**Runner-**Patil Aditya, Patil Hanumanth, Tekale Priti, Yende Shruti, Kale Suraj, Narwade Shweta, Shinde Shubhangi, Natkar Amruta.

Overall, the Pharma fusion achieved its goals of promoting innovation, practical learning, and interaction among students and professionals in the pharmaceutical field. It served as an excellent opportunity for students to showcase their skills, gain recognition, and contribute to the advancement of pharmaceutical science.

**Evaluator:** - Mr. Gawali Vikas. B and Mr. Jadhav Bharat. V

**Acknowledgments:** The success of Team AKCOBP's endeavours would not have been possible without the unwavering support of Dr. Pattan Shashikant (Principal, AKCOBP) &The team also extends gratitude to all faculty members.

### Report of Pharma fusion-2022

Navmaharashtra Shikshan Mandal's Abasaheb Kakade College of B. Pharmacy Bodhegaon. Tal – Shevgaon Dist – Ahmednagar organised, Pharma fusion at Abasaheb Kakade College of B.Pharmacy, Bodhegaon, was an engaging and informative gathering that showcased a diverse range of models developed by students. The event aimed to provide a platform for students to exhibit their innovative ideas, practical applications, and conceptual understanding of various pharmaceutical concepts through concrete models.

**Event Highlights:** The event commenced with an inaugural ceremony, during which the college faculty and event organizers welcomed all attendees, including students, faculty members, and external guests from the pharmaceutical industry. The participants' models were displayed in a designated area, allowing visitors to explore and interact with them.

#### **Brief Details of Activity:**

AKCOBP had organised Pharma fusion-2022

The event started with formal inauguration by Dr. Pradyumna Ige Sir, Principal Abasaheb Kakade college of B. Pharmacy, Bodhegaon. The students come with innovative ideas and prepared by 66 students of college by considering various Pharmaceutical applications. Model on emulsion conductivity test, Tablet and capsule model, Drug absorption model, poster presentation on computer aided drug design system and more were some important.

#### **Pharma Fusion Event: Celebrating Innovation in Pharmaceuticals.**

A remarkable display of innovation and collaboration, the Pharma Fusion event held at Abasaheb Kakade College Of B.Pharmacy Bodhegaon showcased the ingenuity and teamwork of budding pharmaceutical enthusiasts. The event brought together students from various disciplines under the common umbrella of pharmaceutical sciences, fostering creativity and knowledge exchange.

The first prize was secured by the exceptional team comprising Dabhade Sakshi, Jaybhayye Amo, Jyotik Vrushali, and Kasole Ujawala. Their remarkable work not only highlighted their dedication but also their ability to integrate diverse concepts within the pharmaceutical realm. Their project demonstrated a deep understanding of the subject matter, combining theoretical knowledge with practical implementation. The second prize was awarded to the collaborative efforts of Yende Shruti, Zendeekar Saurabh, Todkari Pallavi, and Ugale Vishal. Their project underscored the significance of teamwork and brainstorming, resulting in an innovative approach that caught the attention of the evaluators.

The event also recognized the achievements of the first runners, Khose Aarti, Kshirsagar Priyanka, and Mahadik Harshal, as well as the second runners, Gangarde Tejesh, Gangarde

Ganesh, Gavit Savita, and Jadhav Anjali. Their dedication and hard work shone brightly, reflecting their commitment to the field of pharmaceuticals.

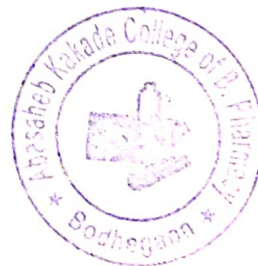

The projects were evaluated by esteemed personalities from the college. Dr. Pradyumbna Ige, the college principal, provided invaluable insights that added depth to the assessment process. His guidance and encouragement have been instrumental in promoting such academic endeavours. Prof. Sandip Badadhe, the college's academic in-charge, played a pivotal role in organizing the event, ensuring its smooth execution, and fostering an environment of healthy competition.

Pharma Fusion not only celebrated the achievements of the participants but also highlighted the importance of collaborative efforts in pushing the boundaries of pharmaceutical research. The event served as a platform for students to not only showcase their skills but also to learn from their peers and experts in the field. The innovative ideas presented during the event promise a bright future for the pharmaceutical industry and its continuous growth.

In conclusion, the Pharma Fusion event at Abasaheb kakade college of B.Pharmacy bodhegaon exemplified the spirit of innovation, teamwork, and academic excellence. It provided an opportunity for students to demonstrate their expertise and contribute to the advancement of pharmaceutical sciences. The efforts of all participants, winners, and organizers deserve applause for their role in making this event a grand success.

**Acknowledgments:**

The success of Team Abasaheb kakade college of B.Pharmacy bodhegaon endeavors would not have been possible without the unwavering support of Dr. Pradumna Ige Sir, (Principal, AKCOP) & all teaching and non-teaching staff.
